

570 BF - descaler eco

Description

Descaler for domestic coffee machines and irons.

Liquid descaler developed with high quality raw materials, that makes 540BF – Descaler Eco a natural descaler, highly effective against limescale. Its formula, without phosphoric acid, is based on lactic acid, with low environmental impact. Specific for the periodic maintenance of tanks in domestic coffee machines and irons tank, the product quickly removes inorganic deposits and encrustations, without damaging the contaminated surfaces.

Does NOT contain ALLERGENICS, CARCINOGENIC SUBSTANCES. VOC FREE, NO TLV (The Threshold Limit Value – or TLV – are the environmental concentrations of airborne chemical substances, beneath which it is considered that the majority of workers can be repeatedly exposed day after day, for a working life, without negative effects for the health).

| | |
